Braun Series 3 3000s ProSkin Mens Shaver (BN3030)

Crafted with Braun’s innovative foil design, the shaver features three shaving elements to scope the contours of the face while the pressure-sensitive blades respond to the skin’s surface. The Micro Comb is designed to maximise hair removal while decreasing shave time and the ergonomic handle promotes accuracy. Suited to difficult areas, the shaver can be used on the neck and nose, offering a gentle, close shave that feels comfortable. One full charge allows for 45 minutes of shaving time while a five-minute charge is perfect for a quick and easy shave.
