Smart functions require a wired or wireless internet connection of at least 3mbps for SD playback, at least 8mps for HD playback and between 16 and 45mbps for UHD playback depending on the content provider

'A Smart TV' or 'Connected TV' is a platform that can run 3rd party Apps. These 3rd party content providers may remove Apps from the Smart TV or connected TV platform or stop supporting them at any time, and we cannot guarantee an App's continued availability or functionality.

When new TV products are launched, there may also be a delay before certain Apps or services become available.

Availability of and the functionality of Apps are not included within the terms of the manufacturer's warranty.
